

## Quality Policy

At Ascensus we are:

Dedicated to meeting the applicable requirements of our customers bearing on our products and services and to accord due regard to the concerns of interested parties; and

Committed to achieving customer satisfaction through continuous improvement in the quality of our products, processes, and services.

We shall ensure that the necessary environment, training, and tools are available to support this commitment.

Michael W. Huff

Ascensus Specialties is one of the world's leading providers of specialty chemicals for a variety of industries. Our chemistries improve the way our clients create their products by making what they do easier, more efficient, safer and more selective. From our world-class production plant in Elma, Washington, we have a global reach that ensures our clients can consistently manufacture their products at the highest standards. What does all of this mean? Our clients are able to make the best possible products to change people's lives for the better, and we're able to make the world a better place with chemistry made for what matters.
